

Positive Action is an HIV prevention program. We help those with HIV/AIDS make healthier choices by making information available through:

- *Ongoing groups*
- *Workshops*
- *Social events*
- *Outreach, and more*

Positive Action is a Primary Prevention with Positives (P3) Program. We are a collaboration of The Center, APICAP and CSSE. Carolyn Hunt, Program Coordinator, can be reached at TheCenter.

Love LIVES Courageously

*"Continue to tell people your status.
Ensure you'll be together for a lifetime by
using condoms to protect each other from
infection or reinfection and other STDs.
Fight back! You can win — I have for 15 years."*
